Thanks for responding, everybody. I am looking forward to your updates, and appreciate your willingness to join us. I will have an agenda out later this week, and will make sure to get that over to you all.

cheers,
Todd

Hi Todd,
Thanks for the invitation to the meeting, Angela and I will plan on attending. Once you develop the agenda, please let us know what time we should plan on attending and if there is any additional information you'd like us to be prepared to discuss.

Thanks,

Subject: Invitation to the Coordinated Tribal Water Quality Program

Hi All,

The Northwest Indian Fisheries Commission is intending to host the Coordinated Tribal Water Quality Program on Tuesday December 11. Updates from your respective agencies/programs regarding the status of fish consumption rates, rule makings and rule review would be an excellent addition to this upcoming meeting. Specifically, reports on the following are of interest:

Melissa - update on round table discussions, future direction of the forum, and progress on rule development.

Martha - update on SMS rule promulgation and response to tribe's/NWIFC comments.

Angela/Matthew - status of EPA review of the proposed SMS, and engagement in development of human health criteria.

But before we get too into details...are you folks or your staff/colleagues available on December 11, and willing to join us? Please let me know at your earliest convenience.

Thanks much, and have a great Thanksgiving!

-Todd
